

Website Build — Terms of Service

Plain-English terms for a website build. Send with the invoice / in the Welcome Pack and have the client reply "agreed" (a confirming email is enough to be binding). Replace [brackets] per client. Keep a copy with the client's record.

Between: CS Digital Marketing (ABN [your ABN]) and [Client business name] ("you").

1. What you get A custom website: home, services, service-area pages, about, and contact, built mobile-first and fast, with on-page SEO set up (titles, headings, schema, sitemap) and a contact/quote form that emails you enquiries. Includes the first 12 months of hosting.

2. Price and payment - Build: \$750, one-off. 50% (\$375) deposit to start, 50% (\$375) on launch.
- Work begins once the deposit and your content are received. - From 12 months after launch: \$300/year for hosting, domain renewal, security, uptime, and minor edits. Invoiced at renewal. You can cancel before any renewal.

3. Minor edits (what the \$300/year covers) Small text and photo changes, swapping details, adding the odd service. As a guide, up to about one hour of changes a year. Larger work (new page sections, redesigns, extra pages) is quoted separately before any work starts.

4. Timeline Roughly two weeks from when we have your deposit and content. Delays in getting content or feedback from you push the timeline out.

5. What we need from you Your business details, services, service areas, logo (or we create a simple text mark), photos, and timely feedback. See the Welcome Pack for the full list.

6. Revisions Two rounds of revisions are included during the build. Further changes after sign-off fall under minor edits or are quoted.

7. Domain As part of the build we register a domain on your behalf from your preference list. The domain is yours. If you ever leave, we transfer it to you.

8. Ownership and no lock-in There is no lock-in contract. You can ask us to hand over your website files and domain at any time and we will, within a reasonable period. Hosting and the domain are ongoing costs; if you stop the yearly fee, the site will need hosting elsewhere to stay online.

9. Cancellation If you cancel before launch, the deposit covers work done to that point and is not refunded. Any balance for work not yet done is not charged.

10. Liability We build and maintain the site with reasonable care. We are not liable for losses outside our control (third-party outages, etc.). Our total liability is limited to the fees you have paid us.

By paying the deposit or replying "agreed", you accept these terms.
